ABOUT DPH MEDICAL SUPPLIES

DPH Medical Supplies sources protective clothing and equipment for health care professionals and businesses. We ensure our clients receive the very best quality in certified medical products at prices you can't compare.

We provide the best quality product from the industry's most reliable and reputable sources. We take care of your needs whilst you focus on business. Our products mainly come from the regions of South East Asia and Eastern Europe. All operating under FDA, ISO and C.E standards.

We specialise in the global supply of medical disposables and protective gear, ranging from surgical masks, latex gloves, surgical gowns, surgical head caps, shoe covers, protective glasses, etc.

At DPH Medical Supplies, we put our customers first. Since 2018, the cornerstone of our business has been our relationship with our clients. We believe that when it comes to serving as your Medical Equipment Supplier, our medical products should speak for themselves.

ABOUT DPH MEDICAL SUPPLIES

We work closely with hospitals and healthcare organizations to supply protective medical supplies in critical situations often using one source or multiple reliable manufacturers, depending on the urgency and volume required.

Our diverse portfolio of partners also allows us to fulfil the largest amount and type of orders in the shortest times without downgrading the quality of products.

DPH Medical Supplies is an approved supplier of ICR360 International Crisis Room 360.

RANGE OF MEDICAL PRODUCTS

Delivering Excellence and Total Quality Control for sustainable production

Medical Gloves

Latex Exam Gloves

- 100% Natural rubber latex
- Low Protein Content
- Lightly powdered or PU Coating for easy donning
- Ambidextrous, beaded cuff and smooth external finish
- Non-Sterile

Blue Vinyl Exam Gloves

- 100% poly vinyl chloride (PVC)
- Advanced Latex-free formulation, No allergic reaction
- 100% DOP/DEHP free & non-sterile
- -Lightly powdered or PU Coating for easy donning
- Ambidextrous, beaded cuff and smooth external finish

Nitrile Exam Gloves

- 100% nitrile (Acrylonitrile-butadiene)
- Advanced Latex-free formulation, No allergic reaction, non-sterile
- Extraordinary strength and puncture resistance while maintaining tactile sensitivity
- Lightly powdered or PU Coating for easy donning
- Ambidextrous, beaded cuff and smooth external finish

Medical Gloves

Synthetic Exam Gloves

- Ultra-stretch vinyl synthetic
- Advanced Latex-free formulation, No allergic reaction
- 100% DOP/DEHP free & PU Coating for easy donning
- Ambidextrous, beaded cuff and smooth external finish
- Non-Sterile

Latex Surgical Gloves

- Natural high-quality latex & non-sterile
- Low Protein Content
- High strength and elasticity
- Lightly powdered for easy donning
- Left/Right Hand Fitted for highest comfort
- Beaded cuff and smooth external finish

Phthalate-free Gloves

- 100% poly vinyl chloride (PVC)
- Advanced Latex-free formulation, No allergic reaction & non-sterile
- 100% DOP/DEHP free, Phthalate-Free
- Lightly powdered or PU Coating for easy donning
- Ambidextrous, beaded cuff and smooth external finish

Face Mask

Surgical Mask

- Nonwoven Multi-layer Design & Unique material for maximum fluid resistance or protection against body fluids
- Ultra-Sonic Weld ensures strongest constructed mask, eliminates holes and defects
- Adjustable Nose Piece for better fit
- Fluid Resistant Flammability class I
- Bacterial Filtration Efficiency: 99.7%
- Particle Filtration Efficiency: 98.5%

Dust Mask

- Made of Spun bond polypropylene from 120 g/m² to 240 g/m²
- Helps reduce exposure to dust from sanding particle board drywall or non-lead-based paints and fiberglass insulation dust
- Adjustable nose clip reduces pressure points and provides comfort.
- Comfortable, Lightweight, Disposable
- Not NIOSH approved

N95 Mask

- NIOSH-N95 approved particulate respirator.
- Soft padded nose seal provides exceptional comfort and VALUE.
- Adjustable aluminium nose bridge.
- Comfortable nose foam.
- Two latex-free head straps.
- Easy to use.
- Compliant with 42 CFR part 84.
- Screens out 95% of particles downs to about a 0.3-micron size

Face Mask

Paper Face Mask

- Our most economical face masks
- High quality wet-strength paper
- Comfortable elastic ear loops for easy donning
- 100pc/box, 100boxes/case

FFP Particulate Mask

- Filter layer after static treatment can filtrate and absorb extremely small harmful industrial powder effectively to prevent anthracosilicotic
- Adjustable nose clip makes the mask closer to the face so that powder cannot leak in between.
- Elastic cords made of Lycra sewn by means of supersonic welding can protect those who wear the mask more effectively.
- Exhalation valve fitted with the exclusive "butter-fly opening-closing system.
- Latex and PVC free
- Conforms to the requirements of European Community Directive: 89/686 (articles 11.B)
- Conforms to European Standard EN 149:2001 as class FFP2 respirator for use against non-toxic to low toxicity solids and liquid aerosols

Isolation Face Mask

- Nonwoven Multi-layer Design Spun bond + Meltblown + Spunbond
- Ultra-Sonic Weld ensures strongest constructed mask, eliminates holes and defects
- Adjustable Nose Piece for better fit
- Fluid Resistant
- BFE 95%

Surgical Cap

Surgeon's Cap

- Soft and absorbent SMS material, ventilated crown and adjustable ties or elastic band
- Comfortable and Breathable
- Class One flammability rating
- Latex-free

Surgeon Hood and Cover

- Offers complete head coverage
- Available in SPP or multi-layer material SMS
- Hoods tie in back of head
- Beard cover is made of Spunbond polypropylene and is held in place with an elastic band

Surgical Cap

Bouffant Cap

- Spun bonded polypropylene
- 21" and 24" sizes
- Sewn elastic band
- Class One flammability rating

Mob Cap

- Secures hair and minimizes the risk of contamination
- Soft non-woven construction for comfort and security
- Elasticated trim accommodates a variety of hairstyles
- Single Elastic or Double Elastics
- With or without Metal Strip

Surgical Gown & Scrub Suit

Surgical Gown

- Soft spun lace fabric (made of wood pulp and polyester)
- Fluid repellent
- Generous cut
- Velcro neck binding
- Book fold

Scrub Suit

- Multiple pockets are available
- Ultra-Soft SMS for Utmost comfort
- V-Shape or Round neck style
- Size: S, M, L, XL
- 1pc/poly bag, 50bags/case

Standard Cover All

- Made of SPP 30-40 g/m² or SMS 40-55 g/m²
- Zipper Closure
- Open Cuffs or Elastic Cuffs
- Hood or Boots are available
- Three-piece hood for best comfort
- Colour: White/Blue/Red
- 1pc/poly bag, 25bags/case

Surgical Gown & Scrub Suit

Isolation Gown

- Made of Spun bonded polypropylene
- Extra-long ties sewn at waist and neckline
- Universal sizing - one size fits all
- Full length gown
- Sewn seams, not glued
- Class One flammability rating
- Latex-free

Lab Coat & Lab Jacket

- Spun bonded polypropylene
- Sewn pockets and seams
- Cotton knit cuff and collar
- Plastic snaps
- Class One flammability rating
- Latex-free

Patient Gown

- Suitable for staff and patient use.
- Non-sterile.
- Ties at the neck

Disposables

Disposable Shorts

- Made from three layer SMS material for comfort and fluid resistance
- Durable nonwoven material Provides comfort with modest coverage
- Elastic waist provides a snug fit
- Navy Blue
- Ideal for Knee and Leg Exams

Disposable Brief

- Manufactured from soft, non-woven material
- Softer and stronger than paper alternatives
- Ensure maximum comfort and dignity for the patient
- Provide secure fit and stay strong when wet
- Available in Medium, Large and Extra Large
- Supplied in packs of 100 briefs
- Contains latex

Disposable Bed Sheet

- Made from soft, flame retardant non-woven material, providing comfortable, hygienic and cost-effective bedding.
- Ideal for use in all areas where short stays of frequent bedding changes are required or where laundering is a problem
- Single Bed Size
- Independently tested for flame retardancy to ignition source 7

Plastics

Shoe Cover

- 40g, low particulate shoe covers.
- 100% non-woven spun bond polypropylene.
- Elastic ankles fit most shoe sizes
- Skid-free soles for extra traction and improved safety

Medical Apron

- Made from a mixture of 65% Low Density Polyethylene (LDPE) and 35% Linear Low-Density nPolyethylene (LLDPE)
- Excellent resistance to chemical corrosion
- Effective against dirt, moisture and oil
- Length 120 or 140 cm
- Width 80cm
- Colour white

Sleeve Cover

- Made from Polyethylene material
- Low cost
- Waterproof protection for light duty
- Ideal for wet or dry areas in food processing, pharmaceutical and medical industries

Other PPEs

Heat Seal Roll

- Manufactured from tinted heat sealable PET/PP film, 3 side sealed with a ribbed pattern to medical grade paper incorporating Steam and ETO indicators.
- Wet strength treated virgin medical grade paper that meets or exceeds medical pouch standards.
- Provide breathability, sterile barrier and indication of processing
- Suitable for packaging extra-long products or creating individual pouches of special length.
- Gusseted Design for larger volume

Sterilization Wrap

- A superior non-woven wrapping fabric for gas and steam sterilization.
- Folds and drapes like muslin - no spring back. Strong; tear resistant; folds easily.
- Repellent to water, blood and saline.
- Effective against both air and water borne bacteria.
